Program Enticements

- Honors Program
- Instate tuition cost
- Faculty connection/Lab work/Research Programs
- Dual Degree (Value added)
Programs: Combined BA/MA

ZIP, NADA, 0, NULL SET, NOTHIN' (But it's never really zero-summer employment, school year employment, student and parent loans)

Merit Aid

○ Eligibility for Merit Awards

- Application processes will vary greatly by school
 - *With Admission Application??*
 - *Nomination by High School/College invite??*
- Criteria will depend on the objectives of the awarding entity
 - *Colleges/Universities*
 - *Online/Local Organization Scholarship Awards*
- The more selective the institution, fewer (if any) merit-based awards exist

Factors to consider for competitiveness

- ⦿ How large is the applicant pool?
- ⦿ How selective is the college/university?
 - Selective – Percentage of students admitted from applicant pool (Admit Rate)
 - More selective – *low admit rate* - means less score/grade/achievement variance in the applicant pool
 - Less selective - *higher admit rate* - does not equate to a bad school
- ⦿ Geographical relationship to school
- ⦿ Financial Need?
- ⦿ Legacy
- ⦿ Athletics (are they even offered?)

Applying to Colleges

- ⦿ Go for the Big Scholarships, but don't bank on them... have a back up plan
- ⦿ Only apply if you can see yourself attending.
 - There are so many options, why not make sure your application counts so that you're a winner no matter what...
- ⦿ Stay organized, ask the same questions of each school...write down the answers
- ⦿ Understand the criteria the student is being evaluated, both for admission and funding possibilities

Questions about Merit Money?

Need Based Aid

- ⦿ Funding awarded based on the consideration of a family's income, household size, and asset information etc.
 - Based on Submission of some or all of the following:
 - FAFSA
 - CSS Profile
 - Institutional Forms
 - Complete tax information
- ⦿ Common Sources
 - Federal Government
 - Colleges/University

FAFSA www.FAFSA.gov

- The FREE APPLICATION for FEDERAL STUDENT AID (FAFSA)
- Used in all Federal Funds awarding
 - PELL, SEOG, Perkins Loans, Stafford Loans, Work Study, etc.
- Uses parental, student income and assets to generate the Expected Family Contribution (EFC)
- Available October 1 of the student's Senior Year

Key Definitions for Need Based Aid

Expected Family Contribution (EFC)

- Measure of a family's financial strength and is calculated according to a formula established by law. Taxed and untaxed income, assets, and benefits (such as unemployment, etc.) are all considered in the formula. Also considered are your family size and the number of family members who will attend college or career school during the year.

Cost of Attendance (COA)

- An estimate of how much money will be required to attend school for one year at that college, including all reasonable expenses (Sticker Price)

Billed Costs

- ✓ Tuition
- ✓ Fees
- ✓ Room
- ✓ Board

Other Personal

Expenses

- ✓ Books
- ✓ Supplies
- ✓ Transportation

New for 17-18, the move to PPY

- President Obama, on September 13, 2015, took executive action to implement a move to using prior-prior year (PPY) income on the Free Application for Federal Student Aid (FAFSA).
- This move, long advocated for by NASFAA, will make the application process easier and more efficient, allow for earlier availability of important financial eligibility information, and ultimately reduce administrative burden for financial aid administrators.
